

Quality Policy

We at QMN Consultants are committed to becoming one of the market leaders in the supply of metallurgical/NDT services and engineering equipment. We believe in the philosophy of continual improvement in all aspects of our business. Customer satisfaction is our ultimate objective, and we strive to meet and, wherever possible, exceed the expectations of our customers by:

- Ensuring quality of services and timely delivery
- Measuring and monitoring customer satisfaction
- Establishing good relationships with interested parties
- Ensuring employees are competent to perform the assigned tasks
- Establishing and reviewing quality objectives and quality policy
- Complying with all applicable legal and other interested parties requirements
